Hey guys,

I need to sell my LIO-8. The thing is; I love it, but it isn't windows compatible and I am not interested in staying with Apple any longer. My unit comes with the +DSP option, but no mic pres. It works flawlessly and I have never had a problem with it. I really don't want to sell it, but it won't work with Windows, so... that's that. Feel free to call or text me with questions: 702-531-4723.

I'm asking \$2750 for it.

Thank you,

Taylor
